

Save Neurons & Nephrons 2025

Alzheimer's (Homeopathy) - Quick Clinical Map

(Use with full materia medica & repertorial matrix. Always coordinate with treating physician; monitor cognition & safety.)

1. Stage -> Primary Focus

Early (mild) - mild forgetfulness, misses words, normal ADLs. Remedies: Anacardium, Cannabis ind., Nux moschata,

Phos. acid, Phosphorus, Lycopodium.

Middle (moderate) - disorientation, suspiciousness, hallucinations. Remedies: Anacardium, Baryta carb, Hyoscyamus,

Medorrhinum, Phosphorus, Stramonium.

Late (severe) - mutism, motor decline. Remedies: Baryta carb, Plumbum, Conium, Zincum met., Stramonium.

2. Miasm Snapshot

Psoric - slow onset, emotional. Remedies: Phosphorus, Lycopodium, Sulphur.

Sycotic - fixed ideas, repetitive questioning. Remedies: Anacardium, Medorrhinum, Nux moschata.

Syphilitic - rapid decline, bizarre fears. Remedies: Baryta carb, Plumbum, Stramonium, Zincum met.

3. Quick Decision Flow

1. Stage -> Early / Middle / Late

2. Identify domain -> Cognitive / Behavioral / Perceptual / Motor

3. Select 3-5 rubrics from patient

4. Tally from matrix

5. Confirm with materia medica & miasm

6. Choose potency & follow-up

7. Reassess regularly

4. Compact Remedy Keynotes

Anacardium - Suspicion, feels two wills, better eating.

Baryta carb - Childlike senility, shyness.

Cannabis ind. - Time distortion, dreamy.

Save Neurons & Nephrons 2025

Conium - Slow thinking, monotone.

Hyoscyamus - Loquacity, suspicion.

Lycopodium - Forgets names, anxious.

Medorrhinum - Alternating lucidity.

Nux moschata - Immediate forgetting, dryness.

Phos. acid - Apathy after grief.

Phosphorus - Emotional, fearful of dark.

Plumbum - Slow speech, tremors.

Sepia - Indifferent to family.

Stramonium - Night terrors, violent hallucinations.

Sulphur - Forgets practical tasks.

Zincum met. - Restless legs, jerks.

5. Potency & Follow-Up

30C - frail patients.

200C - strong picture, single dose.

LM - ongoing gentle dosing.

Behavioral flare - Hyoscyamus 200C, Stramonium 200C, Anacardium 200C.

Monitor MMSE/MoCA every 3-6 months.
